Havertys Reports Earnings for Third Quarter 2020

Atlanta, Georgia, October 28, 2020 – HAVERTYS (NYSE: HVT and HVT.A) reported today its operating results for the 2020 third quarter ended September 30, 2020.

Financial Highlights

Third Quarter ended September 30, 2020 Compared to Same Period of 2019

- EPS of \$0.97 per share in 2020 compared to \$0.31 in 2019.
- As previously reported, sales of \$217.5 million for 2020 compared to \$209.3 million for 2019.

Clarence H. Smith, chairman, president and CEO, said, "Our written business since reopening in May has been at a record pace. We had increases in all sales and key financial metrics in the third quarter compared to last year. The surge in demand for home furnishings and the impact of coronavirus on production, when coupled with shipping complications, has generated supply chain challenges. We believe our vendor relationships and system capabilities are a competitive advantage in accelerating receipt of product and setting delivery dates with customers. Increasing our staffing to appropriately serve our customer is a key near term focus and we continue to enhance our online shopping and buying experience.

The impact of COVID-19 on sectors that are aligned with the home is in stark contrast with those connected to travel and entertainment. I am very proud of the commitment of our team members to meet the current challenges and opportunities. We cannot predict the duration of this dynamic business shift or its long-term impact on our industry, but we are confident in our seasoned teams and have the resources to capitalize on the changing retail landscape."

Financial Summary

Third Quarter ended September 30, 2020 Compared to Same Period of 2019

- Sales rose 3.9% and comparable store sales increased 4.0%. Total written sales were up 22.8% and written comparable store sales rose 22.6%.
- Gross profit margins increased 270 basis points to 56.2% in 2020 from 53.5% for the same period of 2019.
- SG&A expenses decreased \$4.1 million in 2020 compared to the same period in 2019 and fell to 46.0% of sales from 49.8%. The primary drivers of this change are:
 - reduction in advertising spend of \$2.5 million in 2020.
 - reduction in salaries, wages, payroll taxes and benefits of \$5.6 million given the workforce reduction in the second quarter of 2020.
 - reduction in travel, meetings and related expenses of \$1.8 million.
 - increase in commissions and incentive compensation of \$5.6 million.
- Inventories are down \$13.9 million from December 31, 2019 levels.
- Customer deposits are up \$58.3 million or 193.5% from December 31, 2019. We are not experiencing any appreciable increase in cancelled sales.
- We repurchased 0.6 million shares of Havertys common stock in the open market at an average price of \$21.00 for a total of \$12.9 million. The remaining authorization under the share repurchase program is \$16.8 million.
- We paid \$3.7 million in quarterly dividends.

Expectations and Other

- We expect gross profit margins for the fourth quarter of 2020 as a percent of sales will be comparable to the third quarter 2020 level based on current estimates of product and freight costs and changes in our LIFO reserve.
- The variable type costs within our SG&A for the fourth quarter of 2020 are expected to be 17.8% compared to 18.2% in the same period of 2019. Our estimate for fixed and discretionary type SG&A expenses for the fourth quarter of 2020 is in the \$67.0 to \$69.0 million range versus \$69.6 million for these same costs in the fourth quarter of 2019.
- We expect to open a location in a new market, Myrtle Beach, SC in early March 2021. Total capital expenditures are estimated to be approximately \$11.4 million in 2020.

Adjusted EPS

Earnings per share is a financial measure under generally accepted accounting principles ("GAAP"). Adjusted diluted earnings per share ("Adjusted EPS") is considered a non-GAAP financial measure under the rules because it excludes certain amounts which are included when diluted earnings per share ("EPS") are calculated in accordance with U.S. GAAP (EPS), the most directly comparable financial measure calculated in accordance with U.S. GAAP. Management believes that Adjusted EPS is a meaningful measure to share with investors because it best allows comparison of the performance for the comparable period. In addition, Adjusted EPS affords investors a view of what management considers Havertys' earnings performance, and provides investors the ability to make a more informed assessment of such earnings performance.

We have calculated Adjusted EPS for the nine months ended September 30, 2020 by adjusting EPS for a sale-leaseback transaction in the quarter ended June 30, 2020. There were no such adjustments in the comparable period of 2019.
