Havertys Reports Earnings for Third Quarter 2017

Atlanta, Georgia, October 31, 2017 – HAVERTYS (NYSE: HVT and HVT.A) reports earnings per share of \$0.28 for the third quarter of 2017, compared to \$0.34 for the third quarter in 2016. The earnings per share for the nine months ended September 30, 2017 is \$0.84, compared to \$0.79 for the same period of 2016.

Clarence H. Smith, chairman, president and chief executive officer, said, "The third quarter was a challenging period for Havertys as well as others in our industry. Our earnings reflect the previously released softer sales results that were impacted by Hurricane Irma. We achieved increased profit margins, with pricing discipline, quality control, and operational focus, even as ocean freight rates increased. The lower sales results made it difficult to leverage fixed costs and discretionary expenses which were well controlled.

"We look forward to the remainder of 2017 and the seasonally strongest sales events of the year. We remain passionate about serving the on-trend furniture customer and confident in our ability to innovate and grow our business, despite strains from the current housing and competitive landscape.

"The expansion of our western distribution facility in Coppell, Texas began in September and, in mid-October, we opened a replacement store in the heart of the best retail shopping area in Columbia, South Carolina. These investments are part of our strategic growth and store rationalization plan. We continue to generate strong cash flow and in August increased the quarterly dividend 25% to our common stockholders. We remain committed to improving our business, maintaining strong cash flow, and returning value to our stockholders."

Financial Highlights

Third Quarter 2017 Compared to Third Quarter 2016

- As previously announced, net sales decreased 1.9% to \$207.6 million. Comparable store sales were down 2.9%.
- Total written sales were down 3.5% and written comparable store sales decreased 4.2%. During September 2017, 55 stores were closed for one or more days due to Hurricane Irma. The negative impact on third quarter total written sales and written comparable store sales because of these closures is estimated at 1.2%.
- Hurricane Irma caused only minor property damage but caused us to halt deliveries and close two distribution centers and our corporate offices.
- Average written ticket was up 0.5% and custom upholstery written business increased 2.6%.
- Gross profit margins increased 20 basis points to 53.9%. Execution on pricing and product mix and reduced product markdowns offset the higher freight and negative LIFO impact. There was a \$0.5 million increase in the LIFO reserve in 2017 versus a \$0.7 million decrease in 2016, a negative change of \$1.2 million or 59 basis points.

- SG&A costs as a percent of sales were 49.2% in 2017 and 48.1% in 2016. Total SG&A dollars was relatively flat for the periods. The planned increases in advertising and marketing of \$2.1 million and higher occupancy costs of \$1.0 million due to greater depreciation and other store costs in 2017 were offset by \$1.4 million lower administrative expenses for incentive compensation and health benefit costs and reduced warehouse and delivery expenses of \$1.1 million.
- Other income includes a \$0.4 million gain from insurance recovery related to our Wichita, Kansas and Lubbock, Texas locations in 2017 and \$0.5 million for Lubbock in 2016.

Nine Months ended September 30, 2017 Compared to Same Period of 2016

- Net sales increased 0.7% to \$604.9 million. Comparable store sales were down 0.6%.
- Average written ticket increased 2.0% and custom upholstery written business was up 4.0%.
- Gross profit margins were 54.3% versus 53.6% as a percent of sales. The LIFO reserve year-over-year negative change was \$1.3 million or 21 basis points.
- SG&A costs as a percent of sales were 49.5% for 2017 versus 49.1% for 2016. Total SG&A dollars increased \$4.5 million primarily due to rising occupancy costs of \$2.9 million and greater advertising and marketing spending of \$2.0 million partly offset by a \$1.0 million reduction in administrative costs.
- Other income includes a \$1.5 million gain from insurance recovery in 2017 and \$2.5 million in 2016.

Expectations and Other

- Total written sales for the fourth quarter to date of 2017 are up approximately 0.4% over the same period last year and written comparable store sales are down 0.7%. Total delivered sales for the fourth quarter to date of 2017 are down 2.9% and comparable store sales decreased 3.7% over the same period last year.
- We expect that gross profit margins for the full year 2017 will be approximately 54.2%.
- Our estimate for fixed and discretionary type SG&A expenses for 2017 is \$257.0 million compared to \$249.9 million for these same costs in 2016. This is a change from our previous estimate of \$259.0 primarily from reductions in group medical insurance and incentive compensation. The variable type costs within SG&A for the full year of 2017 are expected to be 18.2% percent of sales, the same rate in 2016.
- We opened a new store in Columbia, South Carolina in mid-October and closed a location in Birmingham, Alabama.
- We expect to increase standard selling square footage approximately 0.3% in 2017. Total capital expenditures are estimated to be approximately \$28.0 million in 2017 and \$18.0 million in 2018.

SG&A Expense Classification

We classify our SG&A expenses as either variable or fixed and discretionary. Our variable expenses are comprised of selling and delivery costs. Selling expenses are primarily compensation and related benefits for our commission based sales associates, the discount we pay for third party financing of customer sales and transaction fees for credit card usage. We do not outsource delivery so these costs include personnel, fuel, and other expenses related to this function. Fixed and discretionary expenses are comprised of rent, depreciation and amortization and other occupancy costs for stores, warehouses and offices, and all advertising and administrative costs.
